August 31st: Receive Abundance & Wealth on the 11th Waxing Moon

The 11th Moon is associated with Vishnu, Archetype of Wealth. This particular day is also associated with His wife, Lakshmi, Goddess Archetype of Wealth. It's a great day for wealth manifestation.

CONNECT WITH VISHNU & LAKSHMI

- **Dr. Pillai recommends fasting on the 11th Moon.** He says, "Vishnu is the God of the 11th Moon. So fasting on this 11th Moon has been found very useful to receive the grace and blessings of Vishnu. The scriptures say that if you fast the whole 11th Moon, off course with some fruits, juice. There is no need to observe a total fast." Fasting keeps you alert so you can connect with Vishnu more easily.
- **Chant Om Namō Narayanaya (ohm nah-MOH nahr-eye-uh-nie-yuh) to connect with Vishnu.** This is the primary mantra for accessing Vishnu's energy. [Learn more in this video.](#)
- **Chant Shreem Brzee to connect with Lakshmi.** Dr. Pillai considers this the most important mantra right now. It attracts wealth and eliminates scarcity consciousness.

September 2nd: Dissolve Karma from Multiple Lifetimes During Pradosham

Pradosham is the 1.5 hours before sunset on the 13th Moon. It's a very auspicious karma removal powertime and a great opportunity to invoke Shiva, the Karma-Dissolver Archetype. This particular Pradosham is a splendid time to focus awareness on your actions and learn karmic lessons to take steps toward spiritual and material progress.

CONNECT WITH SHIVA:

- **Chant the Theeru Neela Kantam chant to remove karma.** Pronunciation: TEE-roo NEE-luh KAHN-tum. Imagine a blue light in your throat transmuting your karma. The chant comes from a story about Shiva saving the world from snake venom in the ocean of milk. He took the venom into his throat and neutralized it.

September 3rd: Remove Excessive Material Desires & Manifest Wealth

Vishnu, Archetype of Wealth, has 10 major incarnations. Vamana is a dwarf who incarnated to defeat the Demon King, Mahabali, and his arrogance. Mahabali represents greed, power lust, and overindulgence.

This is a great day to dissolve these negative qualities within yourself and open yourself to Vishnu's wealth boons. Wealth-building is always more fulfilling when you can see its role in your life in the proper perspective. Wealth means the freedom to spend your time authentically. It's not about controlling others or being the one to die with the most toys.

"One thing that money does to people is it gives you freedom. Freedom makes you authentic. We are now inauthentic. So, the most important thing in life is to become free, is to become authentic." - Dr. Pillai

There is a festival during this time called Onam. Ceremonies to dissolve greed and manifest wealth are common in India.

CONNECT WITH VAMANA:

- **Chant Om Namō Narayanaya.** This chant and its pronunciation are mentioned above, and it's the Maha Mantra for Vishnu. Set the intent to let go of greed and power lust so you can live authentically as you and Vishnu manifest wealth together. Note that some of this greed may be latent and/or unconscious. Don't judge yourself for having it or deny the possibility that this lust exists. Vishnu will know what to do.

September 6th: 1st of 15 Days to Remove Bad Ancestral Karma – Mahalaya Paksha

The powertime occurs after this week ends, but it's a very important one to mention.

Mahalaya Paksha is a 15 day period when ancestors connect with the Earth plane to give you blessings. You may have experienced failure despite your best efforts in a certain area of life, and these obstacles are attributed to bad ancestral karma. **If you invoke and aid the souls of your ancestors with liberation, they in return can help you gain freedom from financial, relationship and health challenges.**

“This 2-week Mahalaya period is very critical for you. Even the enlightened yogis and rishis wait for this time, which comes only once a year, to get blessings from their own ancestors. If I have to recommend one solution for every one of your problems, be it financial, relationship or health, it is doing Tarpanam (offerings to the ancestors). Miracles do happen after the performance of the rituals.”

- Dr. Pillai

CONNECT WITH YOUR ANCESTORS:

Do Tarpanam rituals to dissolve ancestral karma.

Dr. Pillai explains the power of Tarpanam rituals to connect with your ancestors during Mahalaya [in this video](#).

DIY Tarpanam Instructions

You'll need: raw rice or white rice flour, black sesame seeds, dharma grass, a coin (dime, nickel, quarter or gold coin), and a glass of water.

If you have methods for getting your brainwaves into a Theta frequency for the ritual, it may help you create the desired connection.

1. Hold a tablespoon of black sesame seeds, rice, a coin, and a few pieces of dharma grass in your right hand.
2. Sprinkle a few drops of water on the mixture.
3. Poor water onto the mixture.
4. **As you do this, beginning with your maternal ancestors, say:** “I invite you to take this offering. Six generations of maternal ancestors. Take this energy. Be healed. Be at peace. Cross into the light, and please remember to bless me.” You can name specific ancestors. As you get more comfortable with this, you can increase the number of generations to 12 or more.
5. **Pour the rest of the water on the mixture in your right hand.** Let the mixture rinse off. You can do this over a tub or sink.
6. Make a heartfelt prayer to your ancestors
7. Repeat all of the above for your father’s side of the family.
